Cody is a Project Specialist at Organizational Architecture and provides external client support, as well as internal administrative support. His experience includes working at the Bursar's Office while attending Baldwin Wallace University, where he specialized in student accounts receivable, collections, and internal loans.

Other experiences prior to Organizational Architecture include tax return preparation and administrative duties at a local tax firm and sales at an international jewelry retail franchise.

Cody has become actively involved in the local Cleveland chapter of the Society for Human Resource Management [CSHRM] as a committee member of their Staffing Management Association [SMA].

Cody graduated with a Bachelor of Arts Degree in Accounting, Finance, and Human Resource Management from Baldwin Wallace University in December 2014.

He has continued his education after graduation by achieving professional certification as a Society for Human Resource Management Certified Professional [SHRM-CP] as of June 2016.
