

Motogo

MOBILE SHOP CLASS

Dear Community Member,

Imagine you're a kid again. You walk into your grandfather's garage to help him repair the broken lawnmower. Remember the way the air was filled with the smell of motor oil and possibilities? You felt, as he handed you the wrench, the two of you could fix anything.

Back then, working with your hands taught patience, persistence, and problem solving. Through trial and error, these DIY projects built confidence. **Motogo** Mobile Shop Class is recreating these meaningful opportunities for students.

We invite you to support this program on **Saturday, February 9, 2019**, as we kick start **Motogo** during our first annual benefit to **BRING BACK SHOP CLASS!**

This fundraiser will take place at Skidmark Garage---the catalyst behind our non-profit arm, Skidmark CLE. This DIY Community Motorcycle Garage provides a safe space for members to come work on their own bike and builds community through its motto, "everyone has something to contribute."

Taking concepts already happening at Skidmark Garage, **Motogo** brings shop class on wheels to schools, recreation centers, and community programs. Rooted in a makers-based approach to hands-on learning, **Motogo** meets students where they are, and introduces basic hand-tool skills through motorcycle building and engine maintenance.

Motogo first hit the road with our pilot shop class at Magnificat High School. We are currently working with a CMSD high school, Design Lab Early College. Our programming has proven to build confidence in a diverse group of students while providing exciting new avenues to teach math and science. In addition, **Motogo** received its first grant from the Harley-Davidson Foundation, is a Cleveland Leadership Center LAP project for the 2019 class of Bridge Builders, and is a recipient of the Wish Cleveland Giving Program Campaign.

Motogo has the potential to be a unique and valuable educational program here in Cleveland, but we need your help. **Would you consider supporting the *Bringing' Back Shop Class* benefit event with a sponsorship?** Please review the additional page for Event Sponsorship Opportunities and packages.

We hope you will join us on February 9th as we rev up for Motogo Mobile Shop Class!

Molly Vaughan
